

## Hojalata – Mexico Foil Art 28 December 2013

To celebrate the New Year, Pera Education organized the “Hojalata - Mexico Foil Art” workshop for the 4-6 and 7-14 age groups.

Children was able to work with colourful and bold foils inspired by Mexican foil art. They designed their own motifs on the foils, and after creating the desired effect they finished their artwork using special paints.

As well as creating these artworks, the children designed their own New Year cards for their families and friends.
